### **Why Do We Need A Forum Against Discrimination in Lund?**

---

Because discrimination occurs all the time, even in "*multicultural Lund*" where people from all over the world live, work and study.

## Our Struggle Against Discrimination

In 2001 Sweden adapted a National Action Plan Against Racism, Xenophobia, Homophobia and Discrimination – the types of discrimination we are fighting.

In a survey we conducted in Lund, respondents indicated that they had been discriminated in all levels of life here. They reported that they have been discriminated when seeking jobs, looking for housing, applying for credit, by teachers at their schools and by the police. Foreign students reported that they had been discriminated by other students, in dormitories and by lecturers. Foreign-born graduates of Swedish universities even report that they are discriminated from jobs within their educations in Sweden only because they are foreign-born.

According to newly adopted Swedish laws, some types of discrimination are illegal. If you feel you have been discriminated, would you know which type of discrimination it was?
